REPORT OF SELECTMEN

Reductions in the cost of all Town responsibilities has made it possible to carry over a very substantial balance. However, unforeseen emergencies might very quickly wipe this out.

The number of workers on the W.P.A. projects has been reduced to an average of twelve. During the summer several were transferred to a Defense Training Course at Chittenden, and they obtained private employment after the completion of their course.

A new Chevrolet Dump Truck was purchased and the old Pick-up Truck was transferred for a new Dodge Pick-up. With the old Ford Dump Truck all of this equipment has proved to be a good investment for the Town, and is in first class condition at the present time.

The Director of Vermont Old Age Assistance Department reports as follows:

"Payments of Old Age Assistance to persons in Proctor from January 1, 1941, to December 31, 1941, amounted to \$2,897.00."

Aid to Dependent Children is granted to four families in Town; two families receive \$54.00 a month each, and two \$30.00 a month each.

In the "Public Assistance Report" published in Washington, we find that Social Security benefits granted to certain families in Proctor are larger than the average family grant in the United States. Most of our Welfare Clients improved their condition by self-help and therefore are contented, others continue to complain and demand additional aid from the Town. Our citizens are paying high taxes besides making contributions to the war effort, and should not be asked to provide more assistance than the law requires. We omit publishing the names of those granted Direct Town Aid. This is considered a loan to be paid back either by work or money.

The Sewing Center was closed permanently in October.

Government Commodities totaling 17,105 pounds have been distributed this year to approved families. The Commodity Distribution Center has been moved to the vacant store next to the Post Office. We are grateful to the Sutherland Realty Company for the use of this room.

Early last March, with the co-operation of the Proctor Post of the American Legion and the Village Trustees, a local defense council was organized. The unit expanded rapidly and Mr. Herbert W. Johnson was appointed Director of Local Defense. The group was developed to such an extent that, at the time of the dastardly attack on Pearl Harbor and our entrance into the war, it was convenient to conform with the plan suggested for civilian defense by the Vermont Council of Safety.

SESQUICENTENNIAL CELEBRATION

At the Town Meeting, March 4, 1941, the Town celebrated Vermont's 150th birthday as a member of our United States. Town Representative Wallace M. Fay spoke on the early history of Vermont.

Proctor's official celebration was held in the Village Hall October 31, 1941. With the co-operation of the Proctor Player's Club, the Selectmen presented to the Community a pageant entitled "Saga of Vermont," written by Wallace Fay and Walter Hard. The pageant, which had been previously presented at the Vermont Legislature, dealt with some of the events that led up to Vermont's joining the Union in 1791 — the first state to do so after the original thirteen colonies. Governor William H. Wills, Lieut.-Governor Mortimer R. Proctor, former Governor Redfield Proctor and former Lieut.-Governor Benjamin Williams were included in the large group who took part in the Proctor presentation.

We express our appreciation to all Federal and State Officers and the citizens of Proctor who have helped us complete a successful year.

HIGHWAY COMMISSIONER'S REPORT

Considerable progress has been made this year toward our general plan for Highway improvement. The Town Highway funds and State Highway funds have helped to sponsor some improvements which were acceptable to the Work Projects Administration, making it possible to do a great deal more than any one fund could undertake. Under this arrangement the following work has been done:

The section of cement pavement on South Street between Reynolds and Grove was completed.

First year applications of tar were made on the last mile of the West Road, Gorham Bridge Road to the bridge, Charles Street and Pleasant Street through the Underpass.

Second year applications were made on Gibbs Street, High Street, Oak Street, Warner Avenue, Olympus Road and Curtis Street. Some gravelling was done on the Florence Road in order to build it up for surface treatment, if it is possible to do this type of work next summer.

The W.P.A. payroll amounted to \$5,941.57 and they furnished a carload of tar valued at \$1,050.00.

State funds were granted for work of retreating West Street, School Street, North Street and Church Street.

East Street and South Street were resurfaced in the same manner that the State had used on the balance of the East road. This work cost \$2,335.06, the State's share of this expense was \$1,184.60.

Highways which were not surface-treated were given an application of chloride to lay the dust.

Of the twenty miles of Town Highway, which includes all Village Streets, over fourteen miles are now surface-treated, leaving less than six miles of gravel surface roads.

For the last two months the Village used the entire W.P.A. group to extend the water line on South Street and lay a line across the Marble Yard to the Office Parking Space. This has relieved the Town from sponsoring these men during this period.

The State Highway Department has taken over as State Highway No. 3 the East Proctor Road from the Center Rutland intersection with State Highway No. 4 to Pittsford Mills intersection with State Highway No. 7, exclusive of that part in the Village of Proctor between the Riverside Cemetery and the Proctor-Pittsford town line. All maintenance and improvements of this State Highway are now the responsibility of the State. The Town will be assessed each year a certain sum based on the mileage of State Highway in the Town, but will be relieved of the patrol costs paid in previous years.

REPORT OF HEALTH OFFICER

There was no epidemic of contagious diseases in Proctor during the past year. The few scattered cases which were reported consisted of two cases of whooping cough, eight of German measles and fourteen of chicken pox. This total of twenty-four cases subjected fifteen families to a modified quarantine.

A spring "round-up" of the pre-school children was conducted and financed by the Proctor Parent-Teacher Association. At this time thirty diphtheria toxoid inoculations were given and twenty-eight vaccinations against small pox were made.

The usual periodic examination of the Proctor water supply was made. All reports from the Laboratory showed the water to be suitable for drinking purposes.
